Nursing **Blood Transfusion** Practice

October 26, 2012

Divine Savior Healthcare

BloodCenter of Wisconsin™

Program

Nurses play a key role throughout the blood transfusion process, from verifying physician orders to blood administration and recognition of transfusion reactions. This seminar will discuss these and other relevant topics to increase nursing knowledge in an effort to improve patient safety in the transfusion process.

Cost: $50 (Check or Paypal)
Register online at: http://beLearning.bcw.edu, select Nursing Seminars

Location: **Divine Savior Healthcare**
2817 New Pinery Road
Portage, WI

Objectives

At the conclusion of this program the participant will be able to:

1. Describe the process for blood collection, preparation and testing
2. Review indications for the use of blood and blood components (whole blood, red blood cells, plasma, platelets and cryoprecipitate).
3. List the types of transfusion reactions, methods to recognize a reaction and the care of such patients
4. Discuss patient safety issues from blood sample collection, patient identification, patient care during transfusion and special administration requirements

Upon completion of the program, 4.8 Contact Hours will be provided.

This continuing nursing education activity was approved by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

In 2009, Kanisha was diagnosed with the blood disorder, aplastic anemia. She is on the list for a bone marrow transplant; however, blood transfusions have been critical in keeping her as healthy as possible until a match can be found.

Tyler of West Bend was diagnosed with ALL, acute lymphoblastic leukemia, in June 2009. He has passed the half way point of his treatment and already has received more than 30 units of blood products. Dave, Tyler's dad, says, "As I have watched my son battle his leukemia I have realized how important it is to donate blood. I am so thankful to all of the people who donate their blood. They are truly heroes."
